Letter of Reference for Ed Stanford

It was with great sadness that we received the announcement that Ed was departing Titoki Montessori. Ed has taught our twins, Ruby and Rufus at the Titoki Casa since they began three years ago and we were hoping that he would also teach our third child, Inez.

Ed has always been a respected and favorite teacher of Ruby and Rufus and in any observations I have made of his interactions with the children he is always respectful and deliberate in his interactions, moving and speaking obviously with great thought into what he is communicating to the children.

An outsiders observation who we encouraged to visit the school remarked "...that teacher Ed is just outstanding, the way he interacts with the children and the advanced information he imparts to children who in return actually 'get' it."

Ed has also been a primary presenter in all of the Parent Evenings I have attended and his presentations are always clear with both accompanying visual and written presentations.

I would wish Ed and his wife, Emily the absolute best and will miss his presence around the school and community.

If you have any questions you are welcome to contact me on lucyalicelee@gmail.com

Yours sincerely

A handwritten signature in black ink, appearing to read 'Lucy Lee', with a stylized flourish at the end.
