Reference for Ed Stanford

We have had the pleasure of knowing Ed Stanford via the Titoki Montessori community for almost 5 years. He was head teacher when our daughter Suki started, and has also worked with our youngest Oscar since he was 3 years old.

Both of our children are very fond of Ed, he has worked with them with endless patience and guided them through the 3 year cycle at Titoki Montessori with much kindness and compassion.

Oscar has almost completed his 3-year cycle with Ed and we are all very happy that Ed will not be leaving until it is complete. Oscar fondly tells us tales daily of what 'teacher Ed' discussed with him each day. Ed has worked hard to understand what makes Oscar (and the other children) 'tick' and has enabled them to make the most of their learning.

We will miss Ed but wish him well in his future travels.

Best Regards
